

Webinar Broadcast of NSCL User Workshop

We plan to broadcast the NSCL User Workshop as a Webinar, except for the breakout sessions between 10 AM and 12 PM on the second day. You can register anytime between now and the end of the Workshop by clicking on: <https://www2.gotomeeting.com/register/260494946>.

Notes:

- a) The Webinar software allows you to log in, log out, and rejoin.
- b) You will join the Webinar in muted mode by default, i.e. the presenter won't be able to hear your questions. There are two ways to ask a question: either "raise your hand" by clicking on the hand symbol adjacent to the audio panel or type in your question in the Questions panel. The organizer will either type back the answer or enable you to ask the question to the presenter.
